"The sun always sets in the west."

Handsome Nishino Taiyou is an architecture student, but he can't finish designing his house. Cheerful Nanno is poor, and his smile hides a painful past. These two share a tiny room, and love slowly fills their lives as housemates. Before long, their connection through their pasts and old wounds grows into passionate love. But can their unconscious awkwardness keep these two from touching each other...?

A splendid work much-praised by editors.
